May 22, 2020

Well, it is looking like warmer weather is finally here and we took advantage of it by getting some of the residents outside to take in some sunshine and fresh air. We also did a little gardening and when you come by for your window visits at the porch you can catch a glimpse at some of the handy work with the flower pots that were painted last week and the flowers that were potted on Thursday. Other fun activities this week included: manicures, sing along, bean bag toss, morning exercise and morning stretch, leap frog game, brain games, trivia, word fun, and of course some crafts and BINGO. We also continue to offer church services via a live stream of pre-recorded masses and if the resident has the right cable set up in his/her room, they can watch EWTN any time they choose.

On Wednesday the residents had their COVID testing. The samples were picked up later that afternoon and we are still awaiting the results of those tests.

Please continue to update me with other family members whom you think might want to receive these weekly emails. I am adding to my contacts as I get new email addresses. You can also refer family to

the St. Ann Website (<https://stannrehabcenter.org/covid-19-update/>) for information about our facility specific COVID-19 updates as well as these family emails.

If you are interested in taking part in a Family Council, please reach out to Jesse Tayler, Director of Social Services and Admissions at sta.swdir@nh-cc.org.

Please continue to come do window visits with your loved ones and don't forget about the Google Duo/Video Chat option. Please reach out to Jesse Tayler sta.swdir@nh-cc.org to coordinate a visit.

Thank you again for you love, support and prayers as we continue through this new way of life. Please continue to stay safe as the state is slowly opening back up. Your safety is important to us. We encourage you to review the CDC website for information about COVID-19, including symptoms, how it spreads, and actions YOU can take to protect your health: <https://www/cdc.gov/corona-virus/2019>

Have a great weekend- and for all your folks who served in our Armed Services- thank you from all of us at St. Ann Rehabilitation & Nursing Center.
