October 26, 2020

Good morning. It is with sad news that I must report to all of you that we have a positive COVID-19 test result. The COVID positive person was a staff member. He/she has been notified and is now being quarantined at home. The facility is now at Phase 0 which means we have closed the doors to all visits and all non-essential personnel.

We are still awaiting the results of approximately 40 tests from the testing that took place here on October 23rd.

We have stopped all group activities and communal dining.

I will do my best to keep you all informed as we learn more, but know we are doing everything we are supposed to be doing at this time to assist with our current situation.

Please continue to pray for all of us as we need your support.

Thank you,

*Kate McCracken LNHA, MHA*
