November 1, 2020

I fear I must report that the test results from our testing on 10.30.2020 are beginning to come in. I am still awaiting results on 35 people, but unfortunately, tonight I must report that we have 2 more staff test positive as well as 6 residents thus far.

All families of our residents have been notified if their loved ones have identified as being positive for COVID-19.

The staff have all been notified and are at home on isolation.

We are continuing to monitor all staff and residents closely for any signs/symptoms; however most appear to not be demonstrating any signs and symptoms.

I am hopeful that we will get the rest of the results tomorrow.

Please continue to pray for all of us as we need your support.

Thank you,

Kate McCracken LNHA, MHA
