November 16, 2020

Good afternoon,

All of the test results from Friday's testing are in and I am happy to report I have nothing new to share.

All of the staff came back negative and we ended with 2 residents testing positive. All COVID positive residents are on the Granite unit (skilled unit).

This means we will continue with weekly testing with the mobile testing unit – this of course means we have at least 3 more weeks of testing as we have to have NO NEW cases for 14 days.

Please continue to pray that we are beginning at the curve to stopping this virus within the walls of St. Ann Rehabilitation and Nursing Center. We appreciate all of your prayers and support during these very challenging times. We take each day as it comes and pray for better days tomorrow.

Thank you,

Kate McCracken LNHA, MHA
