November 25, 2020

Good evening,

It is with great joy that I can share that all the test results are back from the COVID testing on 11.20.2020. All of the staff are Negative. We had 1 resident test positive (reported earlier this week).

We are definitely making progress in getting our outbreak situation under control and this is the result of our caring and compassionate staff doing the right things- socially distancing, washing hands and wearing PPE appropriately when providing care to our residents.

We will test again on Friday the 27th and hope to have those results sooner - the waiting has been very difficult for all of us.

May you and your family be blessed on Thanksgiving and throughout the rest of the year,

Kate McCracken LNHA, MHA
