February 02, 2021

Good afternoon,

I am pleased to inform all of you that the results from staff COVID testing on Monday has come back and we are all NEGATIVE.

We will be testing staff again tomorrow due to Strafford County Positivity rates remaining greater/higher than 10%.

Please continue to be patient as we painfully watch the county positivity rate go down. We are trying to be optimistic and are hoping for a quicker return to some sort of normalcy, but I fear this may not be coming any time soon as we continue to hear about new variants of the COVID-19 string which is noted to now be in the United States.

Thank you again for your ongoing support, love and prayers. We are so thankful to have all of you on our side in this journey.
