December 24, 2022

Good afternoon family & friends

With the high winds everyone encountered over the past 24 hours, I wanted to make you all aware that the entire community of St Ann and Bishop Gendron was affected and has lost phone service. If you are trying to contact the facility- please know the phone company is working to get this restored as soon as possible. While you may not be able to communicate with the facility at this time - please know the facility staff all have use of their cell phones to contact families in the event of an emergency, to call 911, and or contact any of you need be. It seems this phone outage is affecting most of the surrounding community as well.

We thank you for your patience and understanding – but know your loved ones are safe, warm and are being taken care of.

Kindly,

Kate McCracken, LNHA, MHA
