January 18, 2023

Good morning family & friends,

We tested all residents and staff in house yesterday and we do not have any NEW cases of COVID; however, we have 1 resident who remains positive and has not cleared.

We will test again on Thursday and if we have no new cases then we should be cleared by NH DHHS from outbreak status.

As a reminder- you are allowed to visit- you just need to maintain the placement of the facemask (provided at the front door when you sign in) and practice effective hand hygiene throughout your visit.

Please let me know if you have any questions or concerns.
